Countryside Stewardship

Natural England would like to thank you for the support you have given to managing and protecting the countryside through Environmental Stewardship.

We hope that you will consider applying for Mid Tier Countryside Stewardship this year.

Mid Tier Countryside Stewardship is different from ELS, some elements are competitively scored whereas the 'Offers for Wildlife' packages are simpler to apply for and are non-competitive. These 4 offers consist of land management options specifically designed for either arable, lowland grassland, mixed farming or upland farms.

The Mid Tier application window is now open and closes on 31st July 2018. Successful applications will start on 1st January 2019.

If you are thinking of applying for Mid Tier Countryside Stewardship this year, these events will be of interest. They will cover how the scheme works, who is eligible and what the environmental priorities are in your local area.
